LIQUID CRYSTAL AEROSOL
Ultra high gloss, fast drying, high build, smooth atomization, excellent flow and leveling, instant propellant release, outstanding adhesion, non-clogging, non-fogging, non-blushing, non-cracking, dimensional stability, temperature stress resistant, print resistant, chip resistant, excellent hardness, flexibility and gloss retention.

LTLIC12 12 ozs \$ 24.00

SUPER FISH GLOSS
Produces the ultimate wet-look finish. This flexible high-gloss clear coat shows great depth in a mirror-like finish. Can be applied over all dry paint surfaces and guards against harmful ultraviolet rays. The durable finish is washable when cured allowing for dust and dirt to be removed without damage to the mount's high gloss finish. GLOSSY.

91-GB15G 15 ozs \$ 22.00

EPO-GRIP FISHTOOTH
A specially designed white tooth paste that allows you to easily and quickly create teeth in a fish mount. It does not droop or migrate when applied to the jaw area allowing both the top and bottom jaws to be worked on at the same time. Cures in 3-4 hours.

91-EGTH04 4 ozs \$ 17.75

SUPER FISH SEALER
The ultimate in a clear primer/sealer for skin mounted fish. Allows for a high strength bond to the fish skin surface. The non-glare matte finish creates an excellent surface for all paints to adhere to. NON-GLOSSY.

91-GB15S 15 ozs \$ 21.00

TUF-FIN FLEXIBLE FIN BACKING
Crystal clear before it dries, allows you to see what you are doing. Fins coated with TUF-FIN are durable, non-yellowing and remain flexible. You can finish the fins any way you want—lacquer, water-based, oils, acrylics, polyurethanes, epoxies. Won't craze, crack, wrinkle, lift, peel, etc.

LTTUF-8 8 ozs \$ 22.00

MOD-PODGE (MATTE)
Waterbase brush-on sealer, glue and finish—all in one. Fast build-up, dries quickly to a clear finish. NON GLOSSY.

91-MOD08M 8 ozs \$ 8.00
91-MOD16M 16 ozs \$ 10.50
