

### KEMAL-4

Kemal-4 is a relaxer, skin-prep, detergent degreaser and cleaner all in one. Concentrated and safe to use, it can be used in all soak solutions. Prepares the skin to accept tanning. Relaxes the skin for easier shaving. Softens such skins as African and grease burned skins. Will not cause hair slippage like ordinary soaps because of its low pH. It is about ten times stronger than most dish detergents.

91-K170Q **Quart** \$ 28.75  
 91-K170G **Gallon** \$ 74.50

### KEMSOL DEGREASER

Kemsol Degreaser acts as a solvent. Mixes with up to 20 parts water. No odor and safe to use. Can be used over again. Works well on mammals, birds and fish. Can be used in conjunction with Kemal-4. Compatible with tanning agents.

91-K175Q **Quart** \$ 25.00

### ADVANCED TANNING SOLUTIONS DETERGENT SR-11

Detergent SR-11 is a non-solvent general-purpose detergent for cleaning and mild degreasing of hides and skins. Very stable. Can be used by itself or in the rehydration, pickle or tanning baths. Easy to use. Developed for the taxidermy industry.

91-ADSR11Q **Quart** \$ 25.00  
 91-ADSR11G **Gallon (DS)** \$ 71.50

### ADVANCED TANNING SOLUTIONS D-SOLV 60 DEGREASER

D-Solv 60 is a highly active solvent-based degreasing agent for cleaning skins. Excellent for degreasing skins such as bear, beaver and other like skins. Developed for the taxidermy industry.

91-ADS60Q **Quart** \$ 26.00  
 91-ADS60G **Gallon (DS)** \$ 70.50

### TANZALL GREASE OUT

Grease Out is a strong, industrial grease remover and is very effective at removing grease from birds, pigs, bobcats, coyotes and bears. Fur bearing animals should be degreased to achieve that fluffy hair look. Can also be used on long haired northern deer and elk to make the hair more manageable. Highly concentrated.

91-TZ60Q **Quart** \$ 28.00

### SUPER SOLVE DEGREASER

A concentrated water-soluble solvent degreaser. Recommended for especially greasy game, bird and fish skins. Can be used in the pickle and tanning baths.

91-K286Q **Quart** \$ 41.00

### TANZALL ODOR REMOVER

Fur bearing animals and skunks all have strong offensive odors that need to be removed. The Odor Remover is an industrial product and works great to remove those odors. Odor Remover can be used during the tanning process or after the animal has been mounted. Highly concentrated.

91-TZORQ **Quart** \$ 31.50

### ODOR OUT (UNSCENTED)

Apply Odor Out directly to any surface in your shop, hides to be tanned, mounted or hides that are already mounted. Works great on skunk, fish, garbage cans, smoke, kennels, urine, musty smells and many more odors. This 100% odor elimination product is environmentally friendly, non-toxic and very safe to use. Just apply to affected area until wet. Safe to use on pets (wash pets after use).

91-K391Q **Quart** \$ 29.25  
 91-K391G **Gallon** \$ 57.50

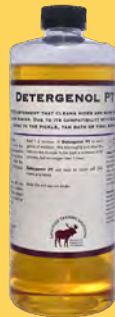

**ADVANCED TANNING SOLUTIONS  
DETERGENOL PT**

A unique concentrated detergent that cleans hides and skins while adding softness. It also makes shaving easier. It can be added to the pickle, tan bath or final rinse. It is excellent for use in the rehydration of tanned hides and skins where the oils used in the previous tanning methods tend to leach out while rehydrating.

91-ADEPTQ      Quart      \$ 15.00

**WHILE SUPPLIES LAST**

**3S DEGREASER**

This highly concentrated degreaser quickly eliminates much of the work in cleaning skulls for bleaching. Easily breaks down the fats and oils during the boiling process. And, because there is no bleaching agent in the water, you do not have to worry about the antlers getting discolored. Just boil the skull for about 1 hour then rinse. Non-toxic, biodegradable, water-soluble. Simply rinse down the drain for disposal. ¼ cup to 5 gallons of water. Also, works for degreasing skins.

91-DEG3G      Gallon      \$ 68.00

**KROW-SOAP**

This is the finest shampoo for your mounts that you can get. This will leave your small mammal mounts with full and extra soft hair. Once you have shampooed a mount with Krow-Soap and see the difference that it makes, we don't believe you will ever mount another small mammal with out it. If you don't believe it is that good, try it on your own hair!

91-KTSOAP      Quart      \$ 28.00

**ADVANCED TANNING SOLUTIONS  
HIDE WASHING DEODORIZER**

A concentrated deodorizer/cleaner that can be used in the pickle, tan or rehydration bath. Kills and masks foul odors. Leaves a pleasant smell on the hide and skin.

91-AWASHQ      Quart      \$ 34.00  
91-AWASHG      Gallon      (DS)      \$ 89.50

**TANZALL  
BIRD SKIN DEGREASER**

An economical and safe non-toxic, non-flammable bird degreaser that works great on turkey and greasy waterfowl. Highly concentrated.

91-TZBSDQ      Quart      \$ 24.75

**EPO-GRIP BLOODOUT DEGREASER HD**

A concentrate degreaser and blood remover, can be diluted 20:1-100:1 with water. This product is reusable and sweet smelling. Works great on fish, fowl, mammals and everything else that requires degreasing or blood removal. Can also be used as a general purpose shop cleaner.

91-EGBLQ      Quart      \$ 20.75  
91-EGBLG      Gallon      \$ 55.75

**ADVANCED TANNING SOLUTIONS  
FUR BLEACH**

A non-chlorinated bleaching agent for hair-on hides and fur skins. Helps remove stains. Works in a lower pH than other bleaches. Safe to hair and fur and does not yellow. Also helps to remove odors.

90-AFUR02      2 lbs      \$ 21.00  
90-AFUR10      10 lbs      (DS)      \$ 55.50

**ADVANCED TANNING SOLUTIONS  
HIDE & FUR STAIN REMOVER**

A highly effective, concentrated cleaner that removes blood, bodily fluids and organic stains on the fur, hair and feathers. Excellent for cleaning hides and skins prior to pickling, keeping the pickle solution cleaner.

90-AREM02      2 lbs      \$ 20.00

### SKIN PREP NBU

Skin Prep NBU is safe to use, biodegradable, odorless and colorless. Highly recommended for problems which are associated with hair slippage. Use 1/8 oz per gallon solution.

**91-K120Q**      **Quart**      **\$ 29.75**

### PRE TAN #110

Pre Tan #110 is used in the salt brine solution to help set hair, retard bacteria growth and pre-tan the skin. This product helps make shaving easier and produces better and softer leather. It does not require neutralizing and will not reduce stretch.

**91-K225Q**      **Quart**      **\$ 41.25**

### STOP SLIP

Will set hair that is loose or starting to slip. Spray from an atomizer or sponge on.

**91-K285Q**      **Quart**      **\$ 15.75**

### ADVANCED TANNING SOLUTIONS TAN PREP TX

Tan Prep TX was developed to provide additional tanning to hides and skins without compromising stretch. Can be used in a salt brine or pickle solution. Will help to tighten the hair and make shaving easier.

**91-ATANTXQ**      **Quart**      **\$ 20.00**

**WHILE SUPPLIES LAST**

### ADVANCED TANNING SOLUTIONS HAIR SET

Hair Set will permanently fix hair and fur that is starting to loosen. It can be used on raw, salted or pickled skins. Hair Set works by converting putrefying protein to a stable material. It forms a permanent bond and takes away the food source for bacteria. It is not a bactericide.

**91-ASETQ**      **Quart**      **\$ 24.00**  
**91-ASETG**      **Gallon**      **(DS) \$ 64.50**

### ADVANCED TANNING SOLUTIONS EASY SHAVE CONCENTRATE

Formulated to make shaving hides and skins smoother and easier.

- Helps to add softness to the leather
- Compatible with all tanning agents
- Cost effective
- Works at a wide pH range
- No pH adjustment necessary
- Aids in penetration of the pickle solution

**91-AEASYQ**      **Quart**      **\$ 15.00**

**WHILE SUPPLIES LAST**

### STOP-ROT

Stop-Rot was developed as an aid in preventing hair and epidermal slippage. It extends the work time of a fresh hide by slowing down or stopping decomposition. Apply as soon as possible after the animal has been skinned or thawed. Stop-Rot helps soften and rehydrate freezer burned skins. It also improves the efficiency of acids in the acid/saline solution (pickle). It makes shaving easier and allows faster and deeper penetration of acids. Can be used on mammals, birds and fish.

**91-STOPQ**      **Quart**      **\$ 25.50**

### ADVANCED TANNING SOLUTIONS HIDE RELAXER XL-7

Hide Relaxer XL-7 is a highly active re-hydrator that works 2-3 times faster than other re-hydrators, which helps lessen the chance of bacteria growth and hair slippage. It is recommended to use a quality bactericide/fungicide with Hide Relaxer XL-7 and it can be added directly to the mixed solution. It can be used in the pickle and tanning baths to aide in penetration.

**91-ARELAXQ**      **Quart**      **\$ 29.00**  
**91-ARELAXG**      **Gallon**      **(DS) \$ 79.50**

### TANZALL RE-WETTER (RELAXER)

We recommend you salt your skins and drain overnight. This removes the fluids from the skin and makes them much more receptive to the pickle bath. This Re-Wetter also increases the flow of the pickle into the skin, especially helpful when re-hydrating hard dry skins.

**91-TZRWQ**      **Quart**      **\$ 24.75**

### RELAX R

An oil based skin relaxer that can be used in the rehydrating solution or can be cut with water and applied directly to the skin.

**91-K240Q**      **Quart**      **\$ 24.25**

### KEMAL-4

Kemal-4 is a relaxer, skin-prep, detergent degreaser and cleaner all in one. Concentrated and safe to use, it can be used in all soak solutions. Prepares the skin to accept tanning. Relaxes the skin for easier shaving. Softens such skins as African and grease burned skins. Will not cause hair slippage like ordinary soaps because of its low pH. It is about ten times stronger than most dish detergents.

**91-K170Q**      **Quart**      **\$ 28.75**  
**91-K170G**      **Gallon**      **\$ 74.50**

### ADVANCED TANNING SOLUTIONS HIDE HAIR REMOVER

For buckskin hair-off tanning. A professional product to remove hair and prepare hides for buckskin (hair-off) tanning. This product is used after the hide is fleshed. In most cases, the hair will come off in 2-3 days. Dry salted hides will take longer to rehydrate and dehair.

**90-ABUCK02**      **2 lbs**      **\$ 25.00**

**NEW**

**ADVANCED TANNING SOLUTIONS  
HIDE HAIR GLOSS**

Hair Gloss and Conditioner gives hair and fur a natural shine. It conditions while also leaving a pleasant smell. Can be applied to hair-on hides or fur skins or on previously finished mounts. Can also be used in a tumbler.

**91-AGLOSSQ**      **Quart**      **\$ 25.00**  
**91-AGLOSSG**      **Gallon**      **(DS) \$ 67.50**

**HAIR SHEEN**

Gives hair and fur a clean shine. Can be applied directly to the hair or mixed with sawdust in the fur drum. Will also remove grease and grime from hair giving it a clean smell. Works well on horns.

**91-K160Q**      **Quart**      **\$ 27.25**

**PROTEX PRE SOAK**

A water-soluble compound for protecting hair, fur and feathers from damage. It also cleans and conditions the hair. This product is used in the last rinse of the tanning process and in the rehydration bath prior to mounting. Concentrated. Use 1 oz per each gallon of water.

**91-K235Q**      **Quart**      **\$ 67.00**

**PROTEX MOUNT CARE**

Use to protect hair, fur and feathers from damage. Safe and easy to use. Will not wash out. This product is used for new mounts or existing mounts. Protex Mount Care is wiped into the hair or added to the sawdust in the fur drum. This product is not water-soluble.

**91-K230Q**      **Quart**      **\$ 45.25**

**ADVANCED TANNING SOLUTIONS  
MOUNT SHIELD**

A highly concentrated, water soluble treatment for birds, hair on hides, fur skins and existing taxidermy mounts. It repels most feather, hair and fur eating insects such as carpet beetles, hide beetles (dermestids) and their larvae. Mount Shield also cleans the hair, fur, hide and feathers to reduce food substances which can also attract insects. Contains all natural, active ingredients.

**91-AMTSQ**      **Quart**      **\$ 35.50**  
**91-AMTSG**      **Gallon**      **(DS) \$ 97.50**

**FUR COMB**

For those long or thick haired capes. Round chrome plated steel 1" teeth, will not bend. 6" wide comb.

**96-COMB**      **\$ 16.00**

**GROOMING BRUSH**

- Firm, gentle bristles
- Assorted Colors
- Length: 5 3/4"
- Plastic Handle

**96-BRUSH**      **\$ 3.00**

### CITRIC ACID

An organic acid which can be used for the pickling process of tanning. It has a good hair setting effect and helps breakdown the non-tan proteins in the skin, resulting in a better tan and softer skin.

90-CA05      5 lbs      \$ 44.00

### SODA ASH / SAL SODA (SODIUM CARBONATE)

A strong neutralizing agent used to basify (adjust) strong pickles or tans. Also, for boiling skulls to dissolve any meat, fat and grease.

90-SA05      5 lbs      \$ 10.00  
90-SA10      10 lbs      \$ 20.00  
90-SA25      25 lbs      \$ 48.00

### SODIUM BICARBONATE

A very penetrating neutralizing agent used to basify (adjust) Para-Tan or Krowtann.

90-SB05      5 lbs      \$ 10.00  
90-SB10      10 lbs      \$ 20.00

### SALT

Non-iodized salt used to salt raw skins. Eliminates mineral stains on hair and skin associated with low grade salts.

90-SALT25      25 lbs      \$ 35.00

### PAPER PULP

For thickening many materials. Especially useful in mixing your own maché recipes. Light weight and safe. Use as a substitute for ground asbestos.

90-PP01      1 lb      \$ 4.00

### CORN COB GRIT

For use in your tumbler.

91-CORN      40 lbs      \$ 39.00

### SKULL BLEACHING KIT

Bleach two deer skulls or one elk skull. No harsh chemicals. Non-toxic degreaser accelerates process. Only boil for about one hour. Bleaching paste works overnight. Finish a skull in a day instead of weeks.

91-SBKIT      \$ 42.00

### pH TESTING

Available in two options for all your pH testing needs. All options are very accurate with an immediate response. Simple to use with distinct and easily matched color separations.

\*Short Range pH Paper comes in a 15 ft roll with plastic dispenser.

Will measure pH in .5 intervals from 0.0-6.0.

\*Wide Range pH Paper comes in a 15ft roll with plastic dispenser.

Will measure pH in full units from 1-12.

88-PHPS060      0.0-6.0 pH      Paper Roll 15 ft      \$ 13.00  
88-PHPW112      1-12 pH      Paper Roll 15 ft      \$ 12.00

### SKULL BLEACHING POWDER

Once skulls are clean, use this bleaching powder to whiten them. Mix with household hydrogen peroxide to make a paste and spread onto the skull. Let set overnight, brush off dried bleaching paste and you are done. Works great with 3S Degreaser.

90-SKB01      1 lb      \$ 36.00

### 3S DEGREASER

This highly concentrated degreaser quickly eliminates much of the work in cleaning skulls for bleaching. Easily breaks down the fats and oils during the boiling process. And, because there is no bleaching agent in the water, you do not have to worry about the antlers getting discolored. Just boil the skull for about 1 hour then rinse. Non-toxic, Bio Degradable, Water soluble. Simply rinse down the drain for disposal. ¼ cup to 5 gallons of water. Also, works for degreasing skins.

91-DEG3SG      Gallon      \$ 68.00
